EXAMPLE

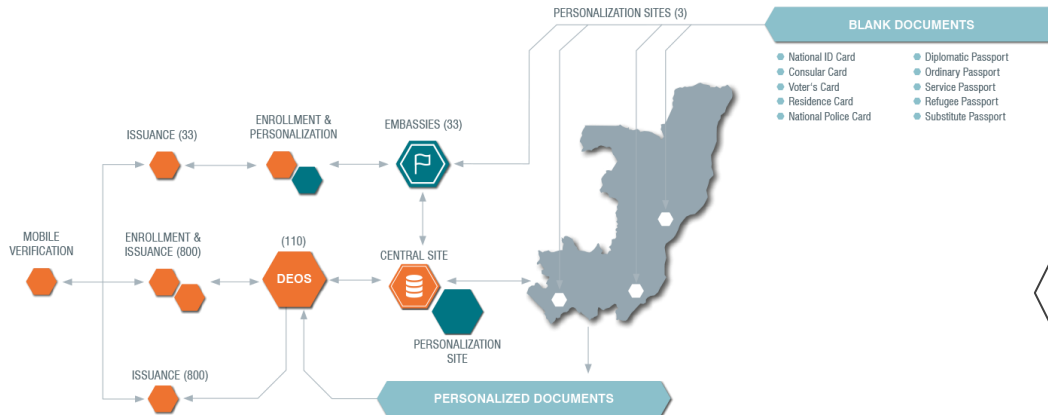

Example

REPUBLIC OF THE CONGO

Example

REPUBLIC OF THE CONGO

BENEFIT

Identification of ca. 90,000 persons with differing personal information on ID documents

Identification of ca. 100,000 persons in passport database, non-existent in ID card data base

Cost reduction ca. 15 m USD by merging the ID and passport projects

Elimination of ca. 90,000 identified duplicates during merger process

THANK YOU
